Address BRUECKENSTR. 25, BREMERHAVEN, D-27568, GERMANY

Telephone 0471478352

Email quality@lloydwerft.com

Attention : Joachim Reiner

This is in reference to your request of Service Supplier Recognition in
ESP-HULL GAUGING

dated 25 June 2025

The review of your Quality Assurance System submittals and an audit of your facility have been satisfactorily completed. **The remaining requirements include performing an onboard practical demonstration and acceptance by the attending Surveyor as well as verification of satisfactory reporting.**

Demonstration can be on-board an ABS-Classed unit/facility or an IACS member society vessel. Your company is responsible for obtaining appropriate approval for ABS attendance on other class vessels. In addition, demonstration can be scheduled at other ports. If you choose to do so, please inform us ahead of time so we can make proper arrangement.

As a result, your company will be listed in the ABS Service Supplier Database for **one year** with a note "**Pending demonstration carried out and a final certificate issued.**" Use of the ABS "Recognized Service Supplier" logo is prohibited during provisional approval.

Upon satisfactory demonstration, a Certificate and Approval Letter valid for 3 years from the initial audit attendance will be issued.

If the demonstration of services is delayed for more than one year from the facility audit, a new initial audit will be required.

I trust this information is helpful, and I look forward to working with you in the approval of your company.

Very truly yours,

Surveyor	Electronically	Signed	By
